[List of medical databases from NIH](#)

[Medscape](#)

[PubMed](#)

PubMed comprises more than 28 million citations for biomedical literature from MEDLINE, life science journals, and online books. Citations may include links to full-text content from PubMed Central and publisher websites.

[UP-TO-DATE](#)

This is the subscription database we use in our office. All subjects are researched every 6 months. The articles are written by the top physicians in that area of medicine. We are able to give patients a one time only 30-day pass to this database. You can do limited searches without a subscription.
